Aloha. On behalf of the children, the elderly, and the future of Ewa, I am a candidate for Hawai'i's House of Representatives. I humbly wish to be of service to you. I believe that I can listen to, learn from, and advocate for our citizens. I understand that legislative success for our district depends on building relationships that are based upon integrity, trust, respect, and mutual understanding.

The future of Hawai'i can be found in the eyes of our children. Too often hope is only found in the next planeload of tourists reflected in their eyes as they gaze upward at the skies of Ewa. For years I have endeavored to seed technology innovation and entrepreneurialism in our youth through the work of my charity that recycles and donates computers to schools, non-profits, and those in need. I have learned how to make Hawai'i better, and as your Representative in the Legislature, I am certain that we will invigorate the expectations of our youth. Our children know no limits.

I am a fiscally conservative liberal Democrat. I believe that government should liberate its citizens by thriftily fostering a healthy society through a vibrant economy. I possess a B.B.A., and I have a M.B.A. from the University of Hawai'i. I realize that Small Businesses are the heart of our economy, and I know that most problems with government are a matter of mismanaged resources. I believe that success without humility is an indulgence in arrogance.
